
Addition

Bibi got a homework about addition from her teacher, but she is not sure whether her answer is correct or not.

Help Bibi by giving her the correct answer.

Format Input

The input consists of 3 lines of mathematical equations separated by a single space.

Format Output

For each line, print the answer of the mathematical equation.

Constraints

The input number will always between -100000 and 100000.

It is guaranteed that the input format will always be: "[number] + [number] ="

Sample Input	Sample Output
2 + 2 =	4
4 + 3 =	7
1 + -1 =	0
